SUNROOM & COCKPIT LAYOUT

LOWER CABIN LAYOUT

# 470 SUNDANCER®

The 470 Sundancer is an instant classic, packed stem to stern with winning design features and innovations. Plus, the integrated windshield, hardtop and aft three-pane sliding door encloses and climate-controls the sunroom while an opening sunroof allows for natural air. Other convenient amenities include two private "suites", a Skyflow™ interior design that desolves the line between indoor and outdoor spaces, and an optional extended cockpit SureShade™ retractable canvas shade.

The enclosed sunroom's social floorplan offers a seamless connection between cockpit and salon via three-pane door and flush threshold.

This advanced helm deserves to be called "mission control" thanks in part to its standard Zeus® propulsion joystick and Raymarine e125 widescreen GPS/chartplotter/radar unit.

There's a reason why the salon of the 470 Sundancer seems so bright and roomy. Lower cabin areas are flooded with natural light as the galley and salon are connected to the upper sunroom via Skyflow™ design.

The mid-master stateroom boasts a queen bed w/ innerspring mattress, plus there's a mirrored vanity and sink outside the private stateroom's en-suite head/shower compartment.

You could stay at a resort on shore, but why bother when you have a truly inviting forward stateroom with island-style berth and flatscreen TV with Blu-ray™ player.
